March is upon us and we have hit the road running. We have 5 special events planned for March along with our regular classes.

On Wednesday, March 8th, Kandace will lead a class in **Tin Flower Art**. You will be able to choose from a number of options and then create a beautiful Tin Flower which you can then paint and decorate in your own colors and style.

On Tuesday, March 14th, Kandace will lead a **Charcuterie Board** class. Once again there are many choices in design. You can even add handles and include a lazy Susan option.

On Wednesday, March 22, we are excited to have Daniel from **Daniel's Wine Experiences** back for **An Evening in Tuscany**. It will be a night of Wine, Food and Art. Kandace will lead the art section with a brand new creation.

On Friday, March 24th, come and enjoy a fundraising night for **The Helianthus Project**. The Helianthus Project is a nonprofit that works to help the victims of human trafficking and give voice to those whose voice was taken from them.

Kandace will lead the art section. The art piece will be a sunflower which is the symbol of The Helianthus Project.

On Thursday, March 30th, come and create a **Porch Leaner**. 5' boards to stain or paint and thousands of stencils to help you create the perfect message by your door, inside or out.

What else happened in February....

Kandace had some serious health issues which took her to BMH ER. Dr Fletcher was able to diagnose the underlying issue and put Kandace on the road to recovery. Kandace thanked the doctor with a beautiful painting. Now for the amazing co-incidence, later in the month a group from BMH came to the studio for a fun night and one of the attendees was actually the wife of Dr Fletcher!

Here is the latest addition to the Palmer household. At time of printing she was un-named but Penelope was the leading contender!

On March 5, Kandace celebrates her birthday! Drop by the studio and say giddyay. Sit down and have a chinwag and get the inside info on each other. Probably no shrimps on the Barbee though!

Kandace made me do it!
And a special thank you to my IT guy aka The Chemist (from down under) for all his hard work keeping Southern Palette Art in your inboxes!

Spring is getting close so soon we will see the flowers blooming but what if you could make your own flowers and have them all year around!

These approximately 12" tin flowers have a hanger on the back and 3 layers of petals.

You can paint your flower, apply decorative paper to your flower, or both!
 Endless possibilities await.

Fundraising Night The Helianthus Project

Please join us as **Southern Palette Art Studio** welcomes **The Helianthus Project** .

The Helianthus Project is a nonprofit that was born by likeminded individuals who sought to face the evil of human trafficking head on and give voice to those who's voice was taken from them.

The *Helianthus*, aka the sunflower- is a representation of Truth, Strength and Light. It's unique in the way it can grow and blossom in the face of the harshest environments. Regardless of where the seed has been cast, the Helianthus rises from the dirt, it's face always towards the sun. In the moments it cannot find the sun, it looks to its neighbor, both of them providing the light for each other until they can find the sun again.

We are there to reflect the Light in their souls; we are there to remind them of their Strength; and we are there to show them the beautiful Truth of who they are.
